**Environmental** concerns affect all civil engineering projects. A & F identify, consult and manage all aspects of the environment.

### Our key expertise areas are:-

- Environmental Impact Assessments
- Bio-diversity Action Plans
- Flora and Fauna Surveys
- Habitat Creation Projects
- Brownfield Developments
- Managing Recycling Waste Projects
- Pollution Consultations

*Watervole habitat*

*Evidence of Watervole feeding*

Watervoles are a protected species and are extinct from many previously populated sites. A & F Consulting Engineers are located in one of the densest populated Watervole areas in the UK. We manage habitats working with wildlife trusts and Natural England.
